Jinnah University For Women
is offering admissions in

**BS Food Science &
Technology**
ADMISSION OPEN NOW!!!

The department was established in 2014 in view of the growing need of skilled, educated and competent food experts to serve the food industries, educational institutions, hospitals, hotels etc. The students will also find potential of applying their knowledge at home by providing balance diet to the family members and friends around them in order to lead a healthy life. The students may find golden opportunities to serve industries better as quality control manager, processing manager and as marketing officials. The knowledge gained at the department will also help them to establish their own small industries in collaboration with the family members.

Our Mission & Vision

Our mission is to provide a solid educational experience and professional services to the students from a diverse background through the diffusion and integration of knowledge of Food Science and Technology.

Our aim is to prepare future leaders of excellence in industry, research and public sectors in different areas of Food Science and Technology

About University
